Experience

- **Web Development Intern, Tech Alpha**
(May 2024 – June 2024)
 - Developed and deployed key sections of Tech Alpha’s official website, including the Home, About, Services, and Contact pages, ensuring a responsive and user-friendly design.
 - Utilized ReactJS and TailwindCSS to build reusable components for displaying services in an engaging card format and integrated a functional contact form.
 - Collaborated with the team to deliver a visually appealing and high-performing website aligned with the company’s branding.

Projects

- **AI Prompt Sharing Website** [Deployment Repository](#)
Tools: NextJS, NextAuth
 - Led the development of a user-friendly prompt sharing website built with Next.js and NextAuth, demonstrating proficiency in client-side rendering and secure user authentication.
 - Designed a sleek, responsive user interface using TailwindCSS, ensuring a seamless experience across devices for browsing, sharing, and managing prompts.
 - Integrated dynamic features, such as prompt submission, editing, and categorization, directly into the interface, optimizing performance for a smooth and interactive user experience.
- **Attendance Tracker Website** [Deployment Repository](#)
Tools: ReactJS, Local Storage
 - Composed a web-based attendance tracking system using React.js, ensuring real-time updates for 100+ users.
 - Created responsive UI components, enhancing user interactions, and enabling 50+ successful sessions in the first month with seamless data entry.
 - Configured application deployment in Vercel, ensuring smooth access and 99.9% uptime.
